

VALLEYWOOD
CABINETRY

Specification Book

Available Colors

Pure White - Painted

This crisp, bright white color will help lighten up any space! It's the perfect color for creating a minimalist and clean design, and it pairs well with a wide variety of color schemes and home décor accents.

Classic Cream - Painted

Our newest color offering due to popular demand! Classic Cream is perfect for a light-toned kitchen, but it can give any space a fresh, bright style. Refresh your space and add a touch of refinement to either a modern or more traditional design by using this versatile and beautiful new color option!

Proper Gray - Painted

This modern gray color offers versatility by being part of a neutral color palette, yet it still contains just the right amount of warmth. With the ability to be paired with so many materials and fixtures, you'll find yourself enjoying the inherent ease and innovation of Proper Gray!

Ideal Gray - Stained

The sleek design and visible quality of our Gray stain can help add just the right touch of sophistication to any home! Convey a sense of ease, luxury, and style by pairing Ideal Gray with a light wall color, virtually any type of countertop (almost any countertop looks good with it!), and good lighting fixtures.

Marine Blue - Painted

Adding a pop of color to a kitchen has never been easier! This attractive shade of blue will help accent many aspects of your design, and will give any home some extra flair without sacrificing functionality. This unique, rich color can also be used to make an island the focal point of the room.

Rustic Hickory - Stained

Channel a more traditional and down-to-earth look with our Hickory stain! This light stain will accentuate the innate, rustic charm of the wood grain and can introduce a more natural vibe to any homeowner's kitchen or bath.
